Start with the card front, stamping the Camellia and place it up enough that you can stamp the sentiment towards the bottom if you would like.

Take the base card, placing only the card front into you embossing folder and emboss it.

Emboss the card front.

Cut about 4 inches of gingham ribbon, placing it towards the bottom of the card front and adhering it to the back using stampin' seal.

Taking the Basic Black layer and card front you adhere them together with multipurpose glue.

Place stampin' dimensionals on the back of the card front and place in the center of the card base.

Make a bow with gingham ribbon, attach to the ribbon already on the card with a mini glue dot.

Add matte dots to card front.

Stamp a sentiment for the inside and then adhere it with dimensionals.
